1. In response to your informal request made to [REDACTED] you are advised that cable [REDACTED] 3043 should permit resolving the problem insofar as overseas payment to enlisted men is concerned. If any of the enlisted personnel should have a need for the overseas pay to be disbursed departmentally, you should supply the names of each such individual together with a statement from them as to the disposition desired of the payment when checks are drawn. In the referenced communication, you were asked to procure "DA Form 668, dated 1 May 1956, or the ODUNIT equivalent," both contain identical information, but that these forms may not be available locally, there is attached one copy of form DA-668 (pay data card for enlisted members) for your use.

2. You raised specific questions with respect to payments disbursed on behalf of [REDACTED]. The \$214.00 constituted April salary plus basic allowances and subsistances for the period 16 March through 30 April. The \$86.00 represents regular pay plus BAS for the period 1 through 15 May. The \$12.00 represents salary for the period 16 through 31 May, less an adjustment (or a reduction) in the BAS covering the entire period 1 through 15 May. The \$47.00 represents regular salary pay for the period 1 through 15 June 1956.

3. The point raised with respect to the May salary check for [REDACTED] is difficult for me to understand, inasmuch as I have been informed that all enlisted men's pay is disbursed in the form of a U. S. Treasury check and actually mailed by Bolling Air Force Base in sufficient time to arrive at the enlisted men's bank, the first and sixteenth of each month. Is it possible that the individuals bank failed to record the May check until 15 June? I am further informed that a check covering the June salary of [REDACTED] in the amount of \$190.04 was forwarded to his bank on 30 June 1956.
